Step 4 – click on your desktop to activate the Finder. We are going to create a Explorer Project folder on your desktop.

Click on File from the menubar and <mark>drag down to New Folder.</mark> Name the folder Explorer Project

Finder	File	Edit	View	Go	Window	Help	
	Nev	ЖN					
	Ne	w Fold	er				企業N
	Nev	^					

Step 5 - Open the Explorer Project folder you just created.

We are going to create a folder inside this folder for our Photos.

You will also need to drag you new ComicLife Explorer file inside this folder.
